

Product Manual - Model Y Coffee Machine

The Model Y Coffee Machine by BrewPro is designed for home and small office use. It features a 1.5-liter water tank, a reusable stainless steel filter, and five brewing modes: Espresso, Americano, Latte, Cappuccino, and Cold Brew. The machine also includes a built-in milk frother, automatic shut-off, and temperature control settings.

To operate the Model Y Coffee Machine:

1. Fill the tank with fresh, cold water.
2. Add your preferred ground coffee to the filter basket.
3. Choose the desired brewing mode using the touch interface.
4. Press the Start button to begin brewing.

Descaling the machine every 60 uses is recommended to maintain performance. Use only BrewPro-approved descaling solution. For troubleshooting issues such as leaks, brewing failure, or error codes, refer to section 6 of the manual or visit brewpro.com/support for live chat assistance.
